This is in response to the petition under 37 CFR 1.47(a), filed February 17, 2004 (certificate of mailing February 13, 2004).

The petition is GRANTED.

Petitioner has shown that the non-signing inventors Gainey and Proctor have refused to join in the filing of the above-identified application after having been presented with the application papers. The petition attest a copy of the application papers were sent to non-signing inventors' last known address. The non-signing inventors' failure to respond to the application mailing sufficiently establishes that they refuse to execute the application papers.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition. Notice of the filing of this application will also be published in the Official Gazette.

This application is being forwarded to the Office of Initial Patent Examination for further processing.
